Hurricane Sandy and its Effect on New York Restaurants

Don McKnight, co-owner of Corner Bistro and Corner Bistro LIC (331 West 4th Street, NY 212-242-9502 & 47-18 Vernon Blvd 718-606-6500): While our West Village location is still without power, our new Long Island City location was fortunate with power and flooding, and we were able to stay open. **We have been personally picking up our employees and driving them to and from work while transportation is down**, and as one of the only venues in the area that was able to stay open throughout the ordeal, our costumers have been very grateful to have a place to come to. We were even able to get delivery up and running today, and we're open for normal business hours.
